Classification Tree

Sourav SEN GUPTA, Lecturer

School of Computer Science and Engg.
Nanyang Technological University

Second Motivation for Data Science

CLASSIFICATION IN BUSINESS

The Science Common Problems

Prediction : Categorical

Is it Type A or Type B?

What are the chances
that Sourav will default
a car purchase loan?
Will DBS allow one?

Is the credit rating “Good” or “Bad”?

HOW TO YOU DIFFERENTIATE?

YES : NO

7 : 5

Rectangular Bodies

Oval Bodies

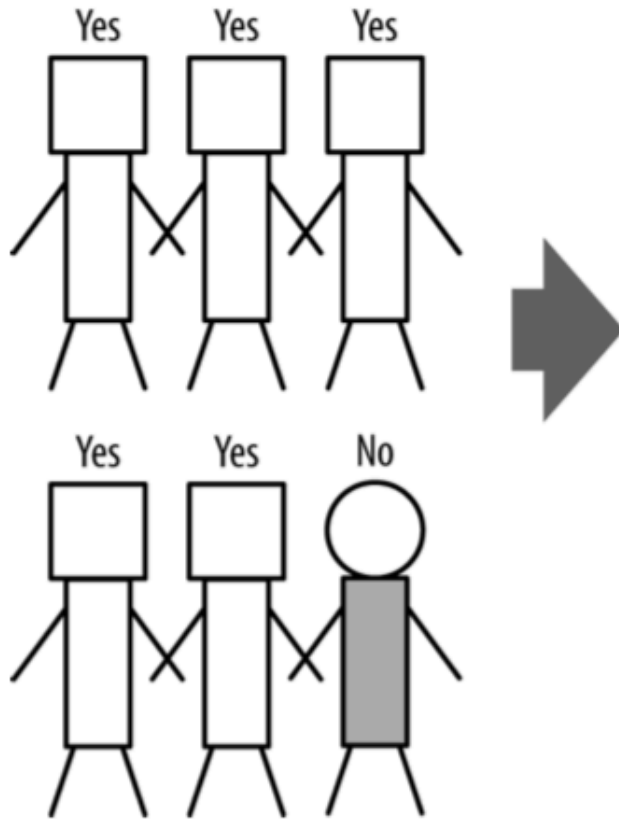

YES : NO
5 : 1

YES : NO
2 : 4

Rectangular Bodies

YES : NO

5 : 1

Rectangular Body and White

YES : NO

5 : 0

Rectangular Body and Gray

YES : NO

0 : 1

Oval Bodies

YES : NO

2 : 4

Oval Body and Square Head

YES : NO

0 : 4

Oval Body and Circular Head

YES : NO

2 : 0

Body : Rectangle or Oval

7 : 5

5 : 1

2 : 4

Head : Square or Circle

7 : 5

5 : 4

2 : 1

Prediction using a Decision Tree

HOW ACCURATE IS IT?

Confusion Matrix
